Perspective > Open File > Select Open Files... But I'm unable to find a way to display that list in Eclipse. I can only see recently closed files. I'm using Eclipse Neon.3 and I can't see if there is a newer release out there that will support this. A: Right click on an empty space in the editor and select Show View > Other: A: You can add those files easily by right clicking any file and selecting Open With > other > Open With... A: In addition to the various other answers here, you can also go to Window -> Open Perspective -> Other and then select Open With -> Other. You can type in the exact package name for the file's editor (in my case org.netbeans.spi.editor) and then select the editor's editor class (in my case org.netbeans.spi.editor.DocEditor), then the editor's source-index class (in my case org.netbeans.spi.editor.document), and finally the editor's source class (in my case org

System Requirements:

-Windows 10 -Elevate your Power. We have optimized the controls to be able to use your keyboard and mouse. In the past if you had to use the gamepad to play, you couldn't use your keyboard to control the game and you couldn't use your mouse to look around. Now you can play with one hand and still be able to easily navigate the game with your mouse. -At least 10GB of free disk space -4GB of RAM -A 60hz monitor -A decent GPU
