----- Base pack includes items you need to set up a Mini d00d app, items you can use in any Mini d00d you create. Includes: - A07, A08 and A13 dock pictures - A05 dock shape - Blue, black and white container - A07, A08 and A13 dock icons If you need more icons, just order a specific type from the list. The price and package is the same. If you need multiple sets of an icon, just reorder the pack. You can't order more than the maximum number. For instance, if you order 200 Dps icons, you'll receive 9 files. The next image will be the 10th. So, the 10th will be ordered for the next pack. To order, just click the button or the picture below. The order will be submitted when you press the "Add to cart" button. Image Set: ----- Use pictures to quick and easy set up an animated dock. The set contains 3 sets of 6 images that you can use as containers, icons and the like. The images are in RGB and PNG format. In the left menu, you can see a description of the image and the size. Image Colors: ----- Change the colors of the image, use it in black or white, or change the color of the container. Image Type: ----- Change the image type, use transparent as the default or make everything black. For instance, if the image is a white horse, you can set it as transparent, or you can make everything black and use the horse as the icon. Image Dpi: ----- Specify the DPI of the image, for example, 200 dps. Image Orientation: ----- Flip the image to change the orientation. The default is 90 degrees. If you change the orientation to 180 degrees, you can use the image as the background or as the container. If the orientation is set to 0 degrees, you can use it as the container for icons. In this case, just set the color to an intense color. What is New In This Version: ----- Added logos - Added more "action" Dps items that can be used in Mini d00d apps - Added more "info" icons for the container - New installation instructions What is New in This
