I also always LOVE watching Woody and Kurt play and even our first date. I wrote out the filmography for the lovely Ms. Goldsmith and she said that her favorite film they have done together was from a week in NYC that was full of our whirlwind romance. Can't remember which it was but I'll send you a link. I'm also working on that piece about your visit to the TLA today. So exciting! Hope it all goes well. I love watching those days a few years ago. First dates, interviews, red carpets, Oscar's, Disney's, and over and over again. We had our family over for dinner and it was just fun - the girls were so excited to meet each other and share memories. I was stunned at how our kids took to each other - they were the perfect little ambassadors and already had the power of best friends going! Total Spaghetti - that's d0c515b9f4
