**Chapter 2 - The Iron Mask-Awaker [Azure Striker Gunvolt - The Super Ace... What?!Chapter 2 - from the original story] Somehow, she heard bells ring out along with that faraway melody. The light grew brighter, like a summer morning on the eastern side of the skyscrapers. The sound, the waves of the air... oh, she felt it through the swords in her hands! [OSPGSYY. - BILLY] The Sugao Throwing Sword, or the Truellix, left her body, and she swayed with the sword in her grip, so long and so agile it seemed to caress the very air around her. With the Sugao, the whole world felt like it was eddying around her; the world was so much a part of her, and it would be a shame if she let it get out of her grip. [OSPGSYY.] In front of her was the facade of a building with the same red hue as the hem of the red costume, and it was heading straight for the city. She wasn't dumb. She didn't think there would be an awful lot of danger if that's all it was. [OSPGSYY.] Hokuto wasn't the kind of enemy you could defuse all at once. She had to estimate the size of the problem at hand, then take action to solve it. [OSPGSYY. - THE CROW'S CRIES] Billie mentally called out, [I'm trying!... I'm trying!] [OSPGSYY] What made it worse was that the enemy, the one who'd asked them to pay the cost of destruction over two hundred years ago, was making them pay again. [OSPGSYY.] "Damn," she groaned, as she stepped in front of Noelle, protecting her good friend. Noelle, her long hair spread like the stream of seaweed in the ocean, exhaled, and, after a long sigh, said, "It looks like that guy's made us pay after all." "Uck! I don't get it at all! What's the matter with him? Why're we having to make sacrifices like this all the time? Have we earned any rewards for being good people?"**
