Welcome to Music Torrent: with Music Torrent you can download torrent files and connect to torrents. We've a revolutionary search engine for you to find great music. Our music database is huge with over 4 million titles. Music Torrent has a powerful search engine to find music and other media in the same way as you would on the internet. The way music is stored and shared across the world, is in many ways quite logical. When you search the web, you get a list of all the results, and in many cases, you can click through to the next page. That will open up more results, each of which is accessible through a number of links, often providing you with the ability to listen to something first, or watch it if you have a mobile device. But this isn't possible with music. You may find someone selling a track, but very often, you'll get
