Movie Plot: Sultan is a small and well-dressed young man who lives in a big house with his father, mother and sister. He does not have any problems in his life. One fine day, he discovers that the magnificent suit of armor his father has kept in his house for the last 12 years can be used to fight anyone's target. Sultan takes this opportunity to fight against his friend Guddu. He is defeating Guddu repeatedly, but Guddu keeps on coming back. Guddu's brother, Bajarangi, has been very upset with his brother's loss to Sultan and has been plotting against Sultan. Bajarangi abduct

Run two apps on ember -
same location and auto-
reload I'm using ember with
ember-cli and I'm building a
modular webapp that will be
composed of several apps.

Some of the apps I'm

working on are quite complex with long page load time so I decided to split them into two separate apps as the only difference between them is the API needed for the current user. In my index.html file I have:
