as Administrator".1. Field of the Invention This invention relates to an image data compression system for storing image data in a compressed form. 2.

Description of the Prior Art In a conventional image data compression system, only relatively large image data for a reproduced image are stored in a compressed form in a memory with the aid of an image data compression process such as the run-length coding process.

---

Therefore, it is impossible to store image data of other various types in a compressed form in the same manner.

How Do You Tell a Truth When You Can't Speak a Word of It? (well, maybe I can) I am a truth teller. I lie all day long. And I lie for at least one person a day. And I wonder, "How do you tell a truth when you can't speak a word of it?" Somehow, you just gotta be ready when it's your turn. And you have to be

---

prepared to speak the truth, if at all possible. If you're not, it's impossible. And you'll never be ready. I wish I could be prepared to speak a word of truth but, as far as I know, I can't. In fact, I can't think of too many things in life that I am "prepared" to do. Like a master black belt, I have the skills to make it look impressive but have no idea how I got to where I am. Many people would say that the important thing is to be able to do it, not just look

---

good doing it. I have no idea  
how to do it. I just do it.

Maybe I'm missing  
something. Or maybe this  
whole missing something  
thing is one of the things I'm  
missing. How do you tell a  
truth when you can't speak  
it? Is it even possible? I
